SAMUEL HEAVENRICH,
Director of the Exhibition

CALIFORNIA DESIGNED is an exhibition of new home furnishings designed or manufactured in California. Included are furniture, fabrics, wall coverings, floor coverings, lamps, accessories, tablewares, and appliances.

218 ITEMS WERE SELECTED from a wide range submitted by manufacturers and distributors or requested by the CALIFORNIA DESIGNED staff who shop the markets and watch trade and consumer publications.

SELECTION COMMITTEES are appointed by the director and include designers, merchandise executives and exhibition specialists. The present exhibition was selected by: Charles Whitney, publisher of Interiors and Industrial Design; Harry Lawenda, president of Kneeder-Fauchere, designer; John McGuire, president of McGuire Co., designer; Professor Richard Petterson, ceramist and industrial consultant; Percy Solotoy, president of Brown-Saltman, furniture manufacturer; Edward Frank, president of Frank Bros., merchandising executive; and Samuel Heavenrich, municipal art director of the City of Long Beach and director of the exhibition. The substantial selection from the exhibition to circulate nationally is chosen by the director.

INTENSIVE PUBLICITY covers 200 newspapers and trade publications and 3,600 retailers. Retailers are furnished with information about designers and manufacturers. CALIFORNIA DESIGNED labels are available for accepted items.
